### INTRODUCTION

Under the Kansas Open Meetings Act (KOMA), the public has the right to observe the meetings of the Towanda City Council unless the City Council has recessed into a lawfully conducted executive session. The KOMA does not require the opportunity for public comment – that opportunity is provided at the discretion of the City Council, except as required by State law or City ordinance in certain specific circumstances. This policy outlines the various circumstances under which the City Council meets and elaborates on the City Council's Rules of Procedure by addressing the rules regarding the time, place, and manner of public participation in the City Council meetings from the standpoint of the participating member of the public. This policy is intended to strike a lawful balance between First Amendment protections and the substantial public interests of (1) assuring that meetings of the City Council can occur in an efficient, orderly, and safe manner and (2) promoting productive public discourse regarding the governance and administration of the City while maintaining decorum in an environment free from interference, distraction, or intimidation, whether real or perceived, by any person present in the meeting room toward the Council or members of the public.

### SUBMISSION OF WRITTEN INFORMATION

Written information may be submitted to the City Clerk before noon on the Thursday prior to a City Council meeting for distribution to Council and key staff members or may be presented during the meeting upon recognition by the Mayor as a speaker in the manner described below. Ten (10) copies should be provided to ensure that all applicable parties are able to receive and review the information provided.

### FORMS OF COMMUNICATION OR EXPRESSION NOT ALLOWED IN THE MEETING ROOM

To assure fulfillment of the substantial public interests outlined above, no member of the public attending the City Commission meeting shall in the meeting room engage in the following forms of communication or expression found by the City Council to be in conflict with the substantial public interests outlined above and, therefore, not allowed in the meeting room (the "disallowed conduct"):

### Before, during, or after the meeting:

(1) Possessing, placing, or displaying a sign, placard, flag, or banner, regardless of its size, the material of which it is made, or its written, graphic, or symbolic content;

### **During the meeting:**

(2) Audibly speaking, or making any sound or noise other than while speaking as a speaker recognized by the mayor;

- (3) Applauding, whistling, cheering, clapping, or otherwise expressing agreement with a speaker recognized by the mayor;
- (4) Booing, jeering, taunting, ridiculing, mocking or otherwise expressing disagreement with a speaker recognized by the mayor;
- (5) Inaudibly mouthing or gesturing messages deemed to be distracting to other persons in the meeting room;
- (6) Making available or distributing written materials to those in attendance.

Persons attending a City Commission meeting must turn off or set on vibrate all cellular telephones. Any person exhibiting any form of the disallowed conduct will first be warned by the Mayor to cease. If the person continues the disallowed conduct, the Mayor may ask the person to leave the meeting room. If the person does not promptly leave the meeting room, the Mayor may direct that the person be escorted from the meeting room.

### AGENDA ITEMS

### CONSENT AGENDA

The Consent Agenda assembles routine action items for collective approval in the interest of efficiency of the meeting. Any item may be removed from the Consent Agenda for separate consideration either (a) at the request of a Council Member or City staff, or (b) by a majority vote of the City Council upon request by a Towanda resident directed to City staff or to a Council Member prior to the start of the meeting without discussion.

- Search for Compliance Officer Update
  - A couple of different options are being explored but nothing is ready to be presented at this time, possibly next month. There are a lot of code compliance issues in town at this time. First-notice letters are being sent out.
- Lead and Copper survey Update JEO to take this over for us

### 7 Other Business

• There was a district vote that passed for the Circle Recreation Commission to be taken over by Circle School District 375. The budgeting process for the school system will begin in next month. This new program starts on January 1, 2025.

### 8 Public Comment

- **Kit Williams (Towanda Resident)-** Question about the pool: as there was no specified price, is there an idea for a price? Andy-as far as total costs, if we were looking at rebuilding the pool in the same place, we do not know as we don't know at this time. There may be new code compliance issues to deal with if we are applying for grants.
- Linda Pyle There will be biscuits and gravy served Saturday morning during Garage Sale Dasy. Spangles will also be donating a percentage of their proceeds to Fire & Rescue on May 21, 2024 between 5-8.
- TC Pyle (Towanda Fire Chief and Resident)- The new truck is up for final inspection in Butler County next week.

• Andy (City Administer)- There was a previous discussion about the storm shelters. There is a new shelter at the elementary school addition, but it has some technical and logistical issues. Only certain members of the staff have a key to open the doors if there is a tornado warning in effect. Once the door unlocks with the key and is shut, it stays locked. The old storm shelter still exists.

May 2024

**Summary:** May was slow call-wise, but busy with events. Making slow progress on the SCBA dilemma. Fire District 11 is official, just awaiting appointment of board. The new engine is in the process of having equipment mounted.

Membership: 18. Eight more possible candidates

YTD (as of 5/31/24) Calls: 168

May Calls: Number of calls 27 (5-yr avg. for May calls: 24.0. Avg. May calls since 1985-14.5)

6 – Fire calls: 1 grass, 1 vehicle, 2 structure, 2 "other"

15 – Medical

2 – Vehicle accidents

2 – Lift Assist

2 – Hazardous Condition: gas leak, tree on power line

### Training:

Hose streams May 11

New FF May 9, 18

• New Engine May 14, 15, 21, 27

### **Equipment:**

• New Engine (2024 Spencer): Training and fitting

- Engine 1 (2002 Luverne): Still awaiting valve replacement. Has surpassed its recommended replacement date.
- Engine 3 (1988 Emergency One): Will soon be retired or re-assigned.
- Pumper 4 (2011 Navistar): Is approaching its 15 year recommended replacement date. New air drier, HVAC and air leak repair.
- Pumper 5 (1990 American General):
- Pumper 6 (2003 Stewart Stephenson): No change (out of service) Looking for wank tank.
- Pickups 8 & 9 (2015 GMC Sierra 3500):
- Tanker 12 (1984 American General): Starter replaced.
- KSFM Grant. Awaiting confirmation of order for two sets of coat and pants.

### For Discussion:

### Tanker

• In order to repair the lost hauled water rating (for our out of town citizens and those of neighboring districts) we should acquire a tanker of at least 3000 gallons that will fit inside our small station.

### Command/Utility Vehicle

- TFR does not have a vehicle to haul large items such as tires, fire hose, fire extinguishers, etc. that need to be transferred for service or repair.
- Having a vehicle of this type available to the department and its officers can greatly reduce response times to medical calls. This truck would carry medical equipment and could respond directly to medical calls, perhaps saving the trip to the fire station and possibly retracing the same route out and back.
- The Chief's personal vehicle was used to haul the new-to-us SCBAs and cylinders from and to various cities for work—600+ miles in May.

May 2024

### **Upcoming:**

• BBQ feed and street dance September 14

### **Building:**

- The large overhead door is again a problem. A support bracket broke loose causing misalignment and possible damage to the shafts (new in 2022). Repaired June 3.
- Due to lack of space, dilapidation and many regulatory requirements, the emergency responders serving the Towanda and Fairview communities need a new facility in order to better serve and maintain their own safety.

### Other:

- Chief Pyle will be out of state on June 12 (June 11-20), missing the Council meeting and workshop.
- Captain Storm and Chief Pyle travelled to Michigan for the final inspection of the new fire engine. It is in the station awaiting completion of equipment mounting and decals.
- Chief and Linda Pyle attended the K254 corridor meeting May 22 along with one council member and the administrator.
- Fundraisers:
  - o Biscuits & gravy May 18
  - Spangles night May 21
- Public Relations events:
  - o End of school for Circle Elementary May 15
  - End of school for Interlocal Learning Center May 16
  - o "Water exchange" at Circle High School May 22
  - o Send off for CHS softball team to State May 23
  - o Send off for CHS baseball team to State May 23
  - o Towanda firefighters assisted the Towanda Lions club with the Summer Bash on June 1.
- SCBAs: The 1997 specification Draeger SCBAs are in shop to be tested and certified. As of this writing, we are awaiting the calibration of the supplier's test unit.
- In an effort to save money, we have acquired 30 expired SCBA cylinders from which we will salvage the valves and use on our cylinders. This will save about \$3000.
- Nominees for fire board were submitted. We thought they would be appointed on June 4, but maybe June 11.
- The County is revising the fire district resolution for (most) fire districts.
- The County is creating Fire District #12. We will be #11.
- OSHA is updating their 29CFR 1910.156. This has been the "Fire Brigade" standard for Industrial facilities since 1980. It will be revised and called the "Emergency Response" standard. The new language will pull in nearly ALL fire departments in the USA and make mandatory many more NFPA standards. For instance, certification as a FF will become mandatory. Certification as a driver will become mandatory. Same for Rescue (vehicle, trench, urban, rope, water, etc.) Officer, Wildland, RIT, and more. Also the standard for replacement of fire apparatus will be law, not recommendation. Comprehensive medical programs, and on and on.

Expect costs to operate a fire department to double and many volunteer fire departments will not survive. Bigger, paid departments will take over, but they, too, will have to comply with the higher costs to operate in compliance.

2018 FEMA grant closed out again.
